

2011 Annual Report

Approved: January 26, 2012

Signatures on file	President
	Secretary

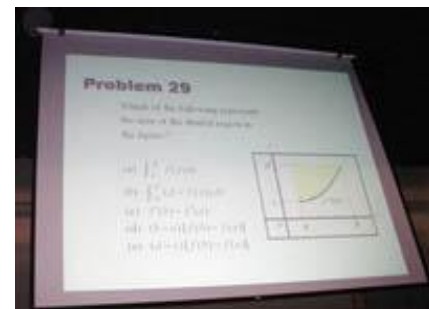

The Colorado Youth Education Connection is a 501(c)(3) not-for-profit organization dedicated for the charitable purpose of providing science, technology, math and liberal arts academic enrichment to youth in order to prepare them for the future.

COYEC activities in 2011 included

- Science and math tutoring, educational activities and field trips
- Calculus Bowl 2011, a math competition for high school students

- Science Expo 2011 - a special event providing stimulating science activities in geology, electricity and magnetism for hundreds of elementary school students.

- Support for the math tutoring program at Gateway High School
- Direct support to classroom teachers

In 2009, COYEC started offering a program of classroom math and science activities to teachers and schools, free of charge, and we continued this program into 2011. See <http://coyec.org/classes> for details.

Donations Your donations to Colorado Youth Education Connection help children in the Denver Metro area. Support from people who care like you has made it possible for COYEC to provide Colorado youth with important educational enrichment experiences.

Many families with school age youth face struggles in attempting to meet the educational needs of their children. Public schools are only able to do so much towards meeting these needs. COYEC has helped many children and their families go beyond what is available in school, to help children excel academically.

Financial Report – FY 2011

In-Kind Support

COYEC gratefully acknowledges substantial in-kind support from many individuals and organizations, including Northrop Grumman Corporation and Aurora Public Schools. We especially thank the many employees of Northrop Grumman Corporation and volunteers from IEEE Denver Chapter, University

of Denver, University of Colorado, and other organizations for their many hours of volunteer work in support Calc Bowl 2011.

About This Report

This report describes COYEC operations for the time period January 1 to December 31, 2011.
